Note 1: Investments in Short Term Deposits:

Pending deployment of funds of the Scheme, the AMC may invest funds of the Scheme in short-term deposits of scheduled commercial banks, subject to the following conditions issued by SEBI vide clause 12.16 of SEBI Master Circular:

1. "Short Term" for parking of funds shall be treated as a period not exceeding 91 days.
2. Such short-term deposits shall be held in the name of the Scheme.
3. The Scheme shall not park more than 15% of their net assets in the short term deposit(s) of all the scheduled commercial banks put together. However, it may be raised to 20% with the prior approval of the Trustee. Also, parking of funds in short term deposits of associate and sponsor scheduled commercial banks together shall not exceed 20% of total deployment by the Mutual Fund in short term deposits.
4. The Scheme shall not park more than 10% of their net assets in short term deposit(s) with any one scheduled commercial bank including its subsidiaries.
5. The Trustee shall ensure that the funds of the Scheme are not parked in the short term deposits of a bank which has invested in the Scheme.
6. The Trustee shall also ensure that the bank in which a scheme has short term deposits do not invest in the scheme until the scheme has short term deposits with such bank.
7. AMC will not charge any investment management and advisory fees for parking of funds in short term deposits of scheduled commercial banks.

The above provisions do not apply to term deposits placed as margins for trading in cash and derivative market.

The underlying index shall comply with the below restrictions in line with clause 3.4 of SEBI Master circular:

- a) The index shall have a minimum of 10 stocks as its constituents.
- b) For a sectoral/ thematic Index, no single stock shall have more than 35% weight in the index. For other than sectoral/ thematic indices, no single stock shall have more than 25% weight in the index.
- c) The weightage of the top three constituents of the index, cumulatively shall not be more than 65% of the Index.
- d) The individual constituent of the index shall have a trading frequency greater than or equal to 80% and an average impact cost of 1% or less over previous six months.

	The net assets of the scheme will be invested in stocks constituting the Nifty Midcap 150 Index. This would be done by investing in all the stocks comprising the Nifty Midcap 150 Index in the same weightage that they represent in the Nifty Midcap 150 Index. A small portion of the net assets will be invested in Cash and Cash Equivalents. Index futures/options are meant to be an efficient way of buying/selling an index compared to buying/selling a portfolio of physical shares representing an index for ease of execution and settlement. It can help in reducing the Tracking Error in the Scheme. Index futures/options may avoid the need for trading in individual components of the index, which may not be possible at times, keeping in mind the circuit filter system and the liquidity in some of the individual stocks. Equity Derivatives can be used as a tool for cash equitization and where the fund has got cash (within the maximum permissible asset allocation table), in case where rebalance comes, then instead of cash, index contract can be used for temporary basis. Index futures/options can also be helpful in reducing the transaction costs and the processing costs on account of ease of execution of one trade compared to several trades of shares comprising the underlying index and will be easy to settle compared to physical portfolio of shares representing the underlying index. In case of investments in index futures/options, the risk/reward would be the same as investments in portfolio of shares representing an index. However, there may be a cost attached to buying an index future/option. The Scheme will not maintain any leveraged or trading positions. In accordance with clause 12.11 of SEBI Master Circular, the Scheme will not generally deploy more than 20% of its net assets in stock lending and not more than 5% of its net assets through a single intermediary (i.e the limit of 5% will be at broker level). Timelines for deployment of funds collected in NFO In line with SEBI circular no. SEBI/HO/IMD/IMD-PoD-1/P/CIR/2025/23 dated February 27, 2025, deployment of the the funds garnered in an NFO shall be made within 30 business days from the date of allotment of units. In an exceptional case, if the AMC is not able to deploy the funds in 30 business days, reasons in writing, including details of efforts taken to deploy the funds, shall be placed before the Investment Committee. The Investment Committee, after examining the root cause for delay may extend the timeline by 30 business days. <u>Calculation of gross exposure:</u> As per clause 12.24 of SEBI Master Circular, the cumulative gross exposure through equity, derivative position and other permitted securities/ asset class as may be permitted by the Board from time to time subject to regulatory approvals, if any shall not exceed 100% of the net assets of the scheme. Cash and cash equivalents as per SEBI letter no. SEBI/HO/ IMD-II/DOF3/ OW/P/ 2021/ 31487 / 1 dated November 03, 2021 which includes T-bills, Government Securities, Repo on Government Securities and any other securities as may be allowed under the regulations prevailing from time to time subject to the regulatory approval, if any, having residual maturity of less than 91 Days, shall not be considered for the purpose of calculating gross exposure limit Portfolio rebalancing: Rebalancing of deviation due to short term defensive consideration: Due to market conditions, the AMC may invest beyond the range set out in the asset allocation. Such deviations shall normally be for a short term and defensive considerations as per clause 1.14.1.2 of SEBI Master Circular; the intention being at all times to protect the interests of the Unit Holders and the Scheme shall rebalance the portfolio within 7 calendar days from the date of deviation.
--	---

	It may be noted that no prior intimation/indication will be given to investors when the composition/asset allocation pattern under the Scheme undergoes changes within the permitted band as indicated above. Portfolio rebalancing in case of passive breach: In line with clause 3.6.7.1 of SEBI Master Circular, in case of change in constituents of the index due to periodic review, the portfolio of Scheme shall be rebalanced within 7 calendar days. Further, any transactions undertaken in the portfolio of Schemes in order to meet the redemption and subscription obligations shall be done while ensuring that post such transactions replication of the portfolio with the index is maintained at all points of time. In the event of involuntary corporate action, the scheme shall dispose the security not forming part of the underlying index within 7 days from the date of allotment/listing. <u>Disclosure relating to extent and manner of participation in derivatives to be provided</u> Exposure to equity derivatives of the index itself or its constituent stocks may be undertaken when equity shares are unavailable, insufficient or for rebalancing in case of corporate actions. Exposure to such derivatives will be restricted to 20% of net assets of the scheme. However, investment in derivatives will be for a temporary period on defensive considerations. The Scheme shall rebalance the portfolio in case of any deviation to the asset allocation. Such rebalancing shall be done within 7 calendar days from the date of such deviation. Investment in derivatives shall be made in accordance with clause 12.25 of SEBI Master Circular, SEBI circular no. SEBI/HO/IMD/PoD2/P/CIR/2024/183 dated December 31, 2024 and such other guidelines on derivatives as issued by SEBI from time to time. CHANGE IN INVESTMENT PATTERN The Scheme, will hold all the securities that comprise the underlying Index in the same proportion as the index. Expectation is that, over a period of time, the tracking error of the Scheme relative to the performance of the Underlying Index will be relatively low. The AMC would monitor the tracking error of the Scheme on an ongoing basis and would seek to minimize tracking error to the maximum extent possible. Under normal market circumstances, such tracking error is not expected to exceed by 2% p.a. for daily 12 month rolling return. However, in case of events like, dividend issuance by constituent members, rights issuance by constituent members, and market volatility during rebalancing of the portfolio following the rebalancing of the Underlying Basket, etc. or in abnormal market circumstances, the tracking error may exceed the above limits. Since the Scheme is an exchange traded fund, it will endeavor that at no point of time the scheme will deviate from the index. For numerical example of risk involved and more details please refer SID.
Investment Strategy	1. Strategy for Equity Securities The Scheme will be managed passively with investments in stocks in the same proportion as in Nifty Midcap 150 Index (underlying index). The investment strategy would revolve around minimizing the tracking error through periodic rebalancing of the portfolio, taking into account the change in weights of stocks in the indices as well as the incremental subscriptions / redemptions in the Scheme. A small portion of the net assets may be held as cash & cash equivalents to meet the liquidity requirements under the Scheme. 1. Strategy for Derivatives

	Exposure to equity derivatives of the index itself or its constituent stocks may be undertaken when equity shares are unavailable, insufficient or for rebalancing in case of corporate actions for a temporary period on defensive considerations. Derivative products are leveraged instruments and can provide disproportionate gains as well as disproportionate losses to the investor. Execution of such strategies depends upon the ability of the fund manager to identify such opportunities. Identification and execution of the strategies to be pursued by the fund manager involve uncertainty and decision of fund manager may not always be profitable. No assurance can be given that the fund manager will be able to identify or execute such strategies. The risks associated with the use of derivatives are different from or possibly greater than, the risks associated with investing directly in securities and other traditional investments. For detailed derivative strategies, please refer to SAI. PORTFOLIO TURNOVER POLICY Portfolio Turnover measures the volume of trading that occurs in a Scheme's portfolio during a given time period. The Scheme is an open-ended fund, and it is expected that there may be a number of subscriptions and repurchases on a daily basis. Generally, turnover will depend upon the extent of purchase and redemption of units and the need to rebalance the portfolio on account of change in the composition, if any, and corporate actions of securities included in the underlying index. However, it will be the endeavor of the Fund Manager to maintain an optimal portfolio turnover rate commensurate with the investment objective of the Scheme and the purchase/ redemption transactions on an ongoing basis in the Scheme.
Risk Profile of the scheme	Mutual Fund Units involve investment risks including the possible loss of principal. Please read the SID carefully for details on risk factors before investment. Scheme specific Risk Factors are summarized below: i. Risks associated with transacting in scheme units through stock exchange mechanism ii. Risk associated with favorable taxation of certain scheme in India, iii. Risk factors associated with investment in passive schemes, iv. Risks associated with Equity and Equity-related securities / investments, v. Tracking Error and Tracking difference Risk vi. Risk factors associated with Cash and Cash Equivalents, vii. Risks associated with Securities Lending & Borrowing and short selling, viii. Risks associated with use of equity derivatives in the index funds, ix. Risk associated with trading in derivatives, x. Risk factors associated with investment in Tri-Party Repo, xi. Risk factor pertaining to investment in REITS For details on risk factors, please refer SID. <u>RISK MITIGATION STRATEGIES</u> Risks associated with Equity investments: i. Liquidity Risk: The liquidity risk will be managed and/or sought to be addressed by creating a portfolio which has adequate access to liquidity. The Investment Manager will select securities, which have or are expected to have good secondary market liquidity. Market Liquidity Risk will be managed actively within the portfolio liquidity limits by maintaining proper asset-liability match to ensure payout of the obligations. The first access to liquidity will be through cash and fixed income securities if any.

	ii. Concentration Risk: The Scheme will try and mitigate this risk by investing across large number of companies/sectors and endeavor to keep stock-specific concentration risk relatively low. iii. Market Risk: The Investment Manager endeavors to invest in companies, where adequate due diligence and research has been performed by the Investment Manager. As not all these companies are very well researched by third-party research companies, the Investment Manager also relies on its own research. This involves one-to-one meetings with the management of companies, attending conferences and analyst meets and also tele-conferences. The company- wise analysis will focus, amongst others, on the historical and current financial condition of the company, potential value creation/unlocking of value and its impact on earnings growth, capital structure, business prospects, policy environment, strength of management, responsiveness to business conditions, product profile, brand equity, market share, competitive edge, research, technological know- how and transparency in corporate governance. The investment manager may use derivatives to hedge and limit the inherent market risk in scheme Risks associated with Stock Lending: The investment managers will ensure adherence to the limits assigned for stock lending and will ensure that the liquidity Risk is managed actively within the portfolio liquidity limits by maintaining proper asset-liability match to ensure payout of the obligations. Also to ensure that the counterparty risk is limited the AMC will participate in stock lending only through exchange mechanism where the settlement is guaranteed. Risks associated with Equity Derivative investments: The investment managers will invest only in exchange traded derivatives (settlement guaranteed) and the investment shall be in line with guidelines and regulatory limits as specified by regulators & scheme documents. No investment will be made in OTC derivative contracts for equity derivatives. Risks associated with Index fund: . Market Risk, Concentration Risk & Liquidity Risk: This being an open-ended scheme replicating/ tracking equity Index, above mentioned risks are inherent to this scheme similar to other equity schemes. The scheme being a passive fund will predominantly be investing in underlying index, the Investment Manager will endeavor to minimize above risks, however it will have a limited role in the same. . Risk Associated with cash and cash equivalent: The scheme will invest in securities as per the intended allocation and thus this risk are low as compared to other risk mentioned above. The AMC will endeavor to minimize the Liquidity Risk, Interest Rate Risk, Reinvestment Risk. . Risk associated with Stock Lending: The investment managers will ensure adherence to the limits assigned for stock lending and will ensure that the liquidity Risk is managed actively within the portfolio liquidity limits by maintaining proper asset-liability match to ensure payout of the obligations. . Risk associated with derivatives: The investment managers will invest only in exchange
--	--

	traded derivatives (settlement guaranteed) and the investment shall be in line with guidelines and regulatory limits as specified by regulators & scheme documents. No investment will be made in OTC derivative contracts for equity derivatives. Tracking Error and tracking difference: The Investment Manager would monitor the tracking error and tracking difference of the Scheme on an ongoing basis and would seek to minimize tracking error to the maximum extent possible. The investment manager will endeavor to maintain low cash levels to minimize tracking error and tracking difference.

Transactions shall include purchases, additional purchases and exclude Switches, SIP/STP and trigger transactions. 4. Aggregation of transactions shall be done on the basis of investor/s/Unit Holder/s Permanent Account Number (PAN). In case of joint holding in folios, transactions with similar holding pattern will be aggregated. The principle followed for such aggregation will be similar as applied for compilation of Consolidated Account Statement (CAS). 5. All transactions will be aggregated where investor holding pattern is same as stated in point no.4 above. 6. Only transactions in the same Scheme of the Fund shall be clubbed. It will include transactions at Plans/Options level (i.e. Regular Plan, Direct Plan, IDCW Option, Growth Option, etc).	

	7. Transactions in the name of minor received through guardian will not be aggregated with the transaction in the name of same guardian. However, two or more transactions in folios of a minor received through same guardian will be considered for aggregation. 8. In the case funds are received on separate days and are available for utilization on different business days before the cut off time, the applicable NAV shall be of the Business day/s on which the cleared funds are available for utilization for the respective application amount. 9. Irrespective the date and time of debit to the customer bank accounts, the date and time of actual credit in the Scheme's bank account, which could be different due settlement cycle in the banking industry, would be considered for applicability of NAV. 10. Investors are advised to make use of digital/electronic payment to transfer the funds to the Scheme's bank account. For Switching: Where there is a switch application from one scheme to another, 'Switch out' shall be treated as redemption in one scheme and the Applicable NAV based on the cut off time for redemption and payout rules shall be applied. Similarly, the 'switch in' shall be treated as purchase and the Applicable NAV based on the cut off time for purchase and realization of funds by the 'switch in' scheme related rules shall be applied. Where an application is received and time stamping is done after the cut-off time, the request will be deemed to have been received on the next Business Day.

Expenses of the Scheme (i) Load Structure	New Fund Offer Period- Not Applicable Continuous Offer: Exit Load: Exit Load is an amount which is paid by the investor to redeem the units from the scheme. Load amounts are variable and are subject to change from time to time. For the current applicable structure, please refer to the website of the AMC (www.dspim.com) or may call at (toll free no. 1800 208 4499 or 1800 200 4499) or your distributor. <table border="1" data-bbox="459 999 1422 1111"> <tr> <th>Type of Load</th><th>Load chargeable (as %age of NAV)</th></tr> <tr> <td>Exit #</td><td>Nil</td></tr> </table> #Applicable for investments made through normal purchase and SIP/STP/SWP transactions. Please note, that for the purpose of calculating the holding period each investment/transaction made into a Scheme will be tracked separately. Investors are advised to contact any of the Investor Service Centres or the AMC to know the latest position on Exit Load structure prior to investing in the Scheme. Note on load exemptions: 1. There will be no Exit Load on inter-option switching. 2. No load will be charged on issue of bonus Units and Units allotted on reinvestment of IDCW for existing as well as prospective investors. 3. No exit load shall be levied in case of switch of investments from Direct Plan to Regular Plan and vice versa Exit load charged (If any) shall be credited to the Scheme. The goods and service tax on exit load shall be paid out of the exit load proceeds and exit load net of goods and service tax shall be credited to the Scheme Investors may note that the Trustee has the right to modify the existing load structure, subject to a maximum as prescribed under the SEBI (MF) Regulations. Any imposition or enhancement in the load shall be applicable on prospective investments only. At the time of changing the load structure, the AMC shall consider the following measures to avoid complaints from investors about investment in the schemes without knowing the loads: (i) Addendum detailing the changes will be attached to the SID and Key Information Memorandum (KIM). The addendum shall be circulated to all the distributors/brokers so that the same can be attached to SID and KIM already in stock. (ii) Arrangements will be made to display the addendum to the SID in the form of a notice in all the ISCs/offices of the AMC/Registrar.	Type of Load	Load chargeable (as %age of NAV)	Exit #	Nil

	Investors are advised to contact any of the Investor Service Centers or the AMC to know the latest position on Exit Load structure prior to investing in the Scheme.				
(ii) Recurring Expenses	These are the fees and expenses incurred for operating the Scheme. These expenses include and are not limited to Investment Management and Advisory Fee charged by the AMC, Registrar's fee, Marketing and selling costs etc., as given in the Table 2 which summarizes estimated annualized recurring expenses as a % of daily net assets of the Scheme. This section outlines various expenses that will be borne by the Scheme. The information provided below would assist the investor in understanding the expense structure of the Scheme, types of different fees / expenses, their percentage the investor is likely to incur on purchasing and selling the Units of the Scheme. The AMC has estimated that upto 1.00% of the daily average net assets of the scheme will be charged to the scheme as expenses. For the actual current expenses being charged, the investor should refer to the website of the mutual fund. <u>Operating & recurring expenses under regulation 52 (6) & 52 (6A):</u> The Scheme may charge expenses within overall limits as specified in the Regulations except those expenses which are specifically prohibited. The annual total of all charges and expenses of the Scheme shall be subject to the following limits, defined under Regulation 52 of SEBI MF regulations: Table 1: Limit as prescribed under regulation 52 of SEBI MF regulations for index fund: <table border="1"> <tr> <th>Particulars</th><th>As a % of daily net assets as per Regulation 52(6) (b)</th></tr> <tr> <td>On total assets</td><td>1.00%</td></tr> </table> <u>Notes to Table 1:</u> In addition to expenses as permissible under Regulation 52 (6) (c), the AMC may also charge the following to the Scheme of the Fund under Regulation 52 (6A): Brokerage and transaction costs which are incurred for the purpose of execution of trade up to 0.12 per cent of trade value in case of cash market transactions and 0.05 per cent of trade value in case of derivatives transactions. It is clarified that the brokerage and transaction cost incurred for the purpose of execution of trade over and above the said 0.12 percent and 0.05 percent for cash market transactions and derivatives transactions respectively may be charged to the Scheme within the maximum limit of Total Expense Ratio (TER) as prescribed under regulation 52 of the SEBI (Mutual Funds) Regulations, 1996. GST on investment and advisory fees: - AMC may charge GST on investment and advisory fees of the Scheme in addition to the maximum limit of TER as per the Regulation 52(6) and (6A). - GST on expenses other than investment and advisory fees: AMC may charge GST on expenses other than investment and advisory fees of the Scheme, if any within the maximum limit of TER as per the Regulation under 52(6) and (6A). - GST on brokerage & transaction cost: GST on brokerage and transaction costs which are incurred for the purpose of execution of trade, will be within the limit of expenses as per the Regulation 52(6) and (6A). Others:	Particulars	As a % of daily net assets as per Regulation 52(6) (b)	On total assets	1.00%
Particulars	As a % of daily net assets as per Regulation 52(6) (b)				
On total assets	1.00%				

In accordance with clause 10.1.12 (a) of SEBI Master Circular, all scheme related expenses including commission paid to distributors, by whatever name it may be called and in whatever manner it may be paid, shall be paid from the scheme only within the regulatory limits and not from the books of the AMC or its associates or by the trustee or sponsors or any other entity through any route in terms of SEBI circulars, subject to the clarifications provided by SEBI vide letter dated February 21, 2019.

Provided that the expenses that are very small in value but high in volume (as provided by AMFI in consultation with SEBI) may be paid out of AMC's books. Such expenses can be paid out of AMC's books at actuals or not exceeding 2 bps of the Scheme AUM, whichever is lower.

Further with regards to the cost of borrowings in terms of Regulation 44(2), the same shall be adjusted against the portfolio yield of the Scheme and borrowing costs in excess of portfolio yield, if any, shall be borne by the AMC.

Disclosure relating to changes in TER:

In accordance with clause 10.1.8 of SEBI Master Circular, the AMC shall prominently disclose TER on daily basis on the website www.dspim.com. Further, changes in the base TER (i.e. TER excluding additional expenses provided in Regulation 52(6A)(c) of SEBI (Mutual Funds) Regulations, 1996 and Goods and Services Tax on investment and advisory fees) in comparison to previous base TER charged to any scheme/plan shall be communicated to investors of the scheme/plan through notice via email or SMS at least three working days prior to effecting such change.

The notices of change in base TER shall be updated on the website at least three working days prior to effecting such change. Provided that any decrease in TER in a mutual fund scheme due to various regulatory requirements, would not require issuance of any prior notice to the investors.

The prior intimation/notice shall not be required for any increase or decrease in base TER due to change in AUM and any decrease in base TER due to various regulatory requirements.

Illustrative example for estimating expenses for a scheme:

The AMC in good faith has estimated and summarized in the below table for each Scheme. The actual total expenses may be more or less than as specified in the table below. The below expenses are subject to inter-se change and may increase/decrease as per actuals, and/or any change in the Regulations.

Table 2: The estimated total expenses as a % of daily net assets of the Scheme are as follows:

Stamp Duty	Mutual fund units issued against Purchase transactions would be subject to levy of stamp duty @ 0.005% of the amount invested. For further details, please refer SAI
Tracking Error & Tracking Difference	Tracking Error: Tracking Error may arise due to reasons including but not limited to the following: - - Expenditure incurred by the fund. - The holding of a cash position and accrued income prior to distribution of income and payment of accrued expenses. The fund may not be invested at all times as it may keep a portion of the funds in cash to meet redemptions or for corporate actions. - Securities trading may halt temporarily due to circuit filters. - Corporate actions such as debenture or warrant conversion, rights, merger, change in constituents etc. - Rounding off of quantity of shares in underlying index. - Dividend payout. - Disinvestments to meet redemptions, recurring expenses, IDCW payouts etc. - Execution of large buy / sell orders - Transaction cost (including taxes and insurance premium) and recurring expenses - Realization of Unit holder's funds It will be the endeavor of the fund manager to keep the tracking error as low as possible. Under normal circumstances, such tracking error is not expected to exceed 2% per annum. However, in case of events like, dividend received from underlying securities, rights issue from underlying securities, and market volatility during rebalancing of the portfolio following the rebalancing of the underlying index, etc. or in abnormal market circumstances and force majeure which are beyond the control of the AMC, the tracking error may exceed 2% and the same shall be brought to the notice of the Board of Trustees with the corrective actions taken by the AMC, if any. There can be no assurance or guarantee that the Scheme will achieve any particular level of tracking error relative to performance of the Index. Tracking Error of the Schemes based on past one year rolling data, shall be disclosed on a daily basis, on the website of AMC i.e. www.dspim.com and AMFI. Tracking Difference: Tracking Difference is defined as the annualized difference of daily returns between the index and the NAV of the Scheme.

	The Tracking difference shall be targeted to be 50 bps (over and above actual TER charged). In case the same is not maintained, it shall be brought to the notice of trustees along with corrective actions taken by the AMC, if any. Tracking difference of the Scheme shall be disclosed on the website of the AMC i.e. www.dspim.com and AMFI, on a monthly basis, for tenures 1 year, 3 year, 5 year, 10 year and since the date of allotment of units.

Application Supported by Blocked Amount (ASBA)

ASBA provides an alternative mode of payment whereby the application money remains in the investor's account till allotment of units. ASBA process facilitates investors to apply through Self Certified Syndicate Banks (SCSBs), in which the investors have their bank accounts. SCSBs are those banks which satisfy the conditions laid by SEBI. SCSBs would accept the applications, verify the application, block the fund to the extent of investment amount, unblock once the allotment is finalized and debit the investor's account.
